Second Announcement

The 9th BBBB Conference on Pharmaceutical Sciences “Pharma sciences of tomorrow” is to be held on-site in Ljubljana, Slovenia, from 15th to 17th September 2022, following COVID-secure guidelines to facilitate face-to-face networking and learning.

The 2022 BBBB Conference will feature focused panels in all areas of pharmaceutical sciences to establish an informative and successful BBBB Congress with the goal of bringing the community together and strengthening the BBBB scientific network.

The program consists of plenary and keynote lectures by well-known experts in various fields of pharmaceutical sciences, from all BBBB partners and the wider scientific community. There will also be ample opportunities for younger researchers to present their findings in the form of oral presentations and posters in an international setting. The conference will provide an opportunity for the exchange of scientific ideas between young and established scientists and professionals, as well as between people from academia, industry and regulatory authorities.

Main topics of the 9th BBBB Conference

- ✓ **Pharmaceutical Technology & Nanotechnology:** towards digital, sustainable and continuous processing of user-friendly (biotech) medicines
- ✓ **Pharmaceutical Chemistry:** new molecules for treating neurodegenerative diseases, and bacterial/ viral infections
- ✓ **Pharmaceutical Biology:** peptides as therapeutics and biorecognition elements, and m-RNA vaccines.
- ✓ **Clinical Pharmacy and Laboratory Medicine:** therapeutic drug monitoring (TDM) & pharmacogenomics in personalised medicine
- ✓ **Pharmaceutical Analytics:** emerging contaminants in environmental samples and pharmaceutical products.

Further information on registration and contribution requirements are available on the symposium website: <http://bbbb2022.sfd.si/>

Scientific programme

Wednesday, 14th September

Pre-Event: **Symposium dedicated to Professors Dr Julijana Kristl and Dr Stane Srčič at the retirement and for their international pharmaceutical technology contributions**

Thursday, 15th September

Plenary lecture: Prof Dr Stanko Gobec, University of Ljubljana, Faculty of Pharmacy, Slovenia

Section 1 - New trends in industrial pharmacy

Section 1 - New molecules for treating neurodegenerative diseases

Plenary lecture: Prof Dr Gerhard Winter, Ludwig Maximilian University of Munich, Germany

Section 2 - Formulation and delivery challenges of small molecules and biotech drugs

Section 2 - New molecules for treating bacterial and viral infections

Friday, 16th September

Plenary lecture: Prof Dr Daniel Markl, University of Strathclyde, United Kingdom

Plenary lecture: Prof Dr Niclas Sandler, Nanoform Finland PLC, Finland

Section 3 - Hot-melt processing and printing technologies in pharmaceutical manufacturing

Section 1 - Therapeutic drug monitoring & Pharmacogenomics in personalised medicine

Plenary lecture: Prof Dr Marc Ansari, University of Geneva, Switzerland

Section 4 - Creating user friendly oral dosage forms

Section 2 - Pharmacogenomics as a tool to improve drug efficiency and safety

Saturday, 17th September

Plenary lecture: Prof Dr Helder Santos, University of Groningen, Netherlands

Section 1 - Emerging contaminants in environmental samples and pharmaceutical products

Section 1 - Peptides as therapeutics and biorecognition elements, m-RNA vaccines

Workshops on University of Ljubljana,
Faculty of Pharmacy
<https://bbbb2022.sfd.si/>

Workshops for Young Scientists

We offer three Workshops for Young Scientists, two of which will be realised based on the shown interest: **Introduction to Electrospinning, Introduction to Hot Melt Extrusion and Raman Mapping**, and/or **Introduction to Flow cytometry**. Further information on the Workshops can be found on the Conference website.

Exhibition and Sponsoring

The Conference will be accompanied by exhibition of products, equipment and technologies. We invite you to join the industrial exhibition in order to present your company and development achievements. There are several possibilities of sponsoring this event. Any kind of support is very appreciated.

Please, download a special document for sponsorship, exhibition and advertising conditions from conference homepage ([Sponsors | BBBB 2022](#)). However, organisers are open for any kind of other proposals and suggestions. Reservation and allocation of space will be treated on a first-come, first-serve basis.
